

# SY 213 : Fundamentals of Sociology

**Common Course Number**

SOCI 1013

**Lecture Hours** 3**Credits** 3

Fundamental Sociology, [SY 213](#) (SOCI 1013), is a disciplined and objective study of human social relationships and group interaction. The course includes the examination of the structures and processes of human interaction in an attempt to understand how humans actually behave and the consequences of this behavior.
